Prior to studying NCC Education's Level 3 International Diploma For Higher Education Studies (L3IFDHES) I had a long-term academic struggle with traditional classes.

However with L3IFDHES we were encouraged to develop our own thoughts and opinions through group work and class discussions. I got involved as much as possible and enjoyed the encouragement I gained from my studies.

The best thing my L3IFDHES journey has given me is a new academic route to master my future. Completing the L3IFDHES has opened up so many academic opportunities for me.
