

NCC Education Endorsement and Validation

Global recognition
for your
qualifications

About NCC Education

NCC Education, originally a division of the National Computing Centre, was first established as an IT initiative by the British Government in 1966. NCC Education started offering Computing qualifications in 1976 and from 1997 developed its higher education portfolio to include Business, English language and Foundation level qualifications. In 1997, NCC Education was incorporated as an awarding body of British qualifications.

Today, NCC Education is an internationally recognised awarding body in Computing and Business, with a strong global presence, offering qualifications in more than 45 countries.

[To see our global network of centres and which countries they operate in please visit our website: www.nccedu.com/become-a-student/find-nearest-centre/]

Endorsement and Validation

NCC Education offers endorsement and validation services for organisations to showcase the quality of their self-developed qualifications and wish to strengthen the appeal of them through recognition from a British Awarding Organisation.

Both services will help support organisations develop a quality assurance system which is in line with UK regulatory requirements.

The NCC Education logo will give confidence to students and other organisations that the qualification is valid, reliable, consistent and is operated with rigorous quality assurance measures.

What is Endorsement and Validation?

Endorsement

NCC Education Endorsement recognises the quality assurance processes of an organisation's self-developed qualifications, which are either vocational or aimed at Continuous Professional Development.

NCC Education evaluates each qualification based on our own quality assurance benchmarks. Our Academic Development Managers will work with organisations from an early stage to act as a consultant and support.

Areas NCC Education will assess against set benchmarks:

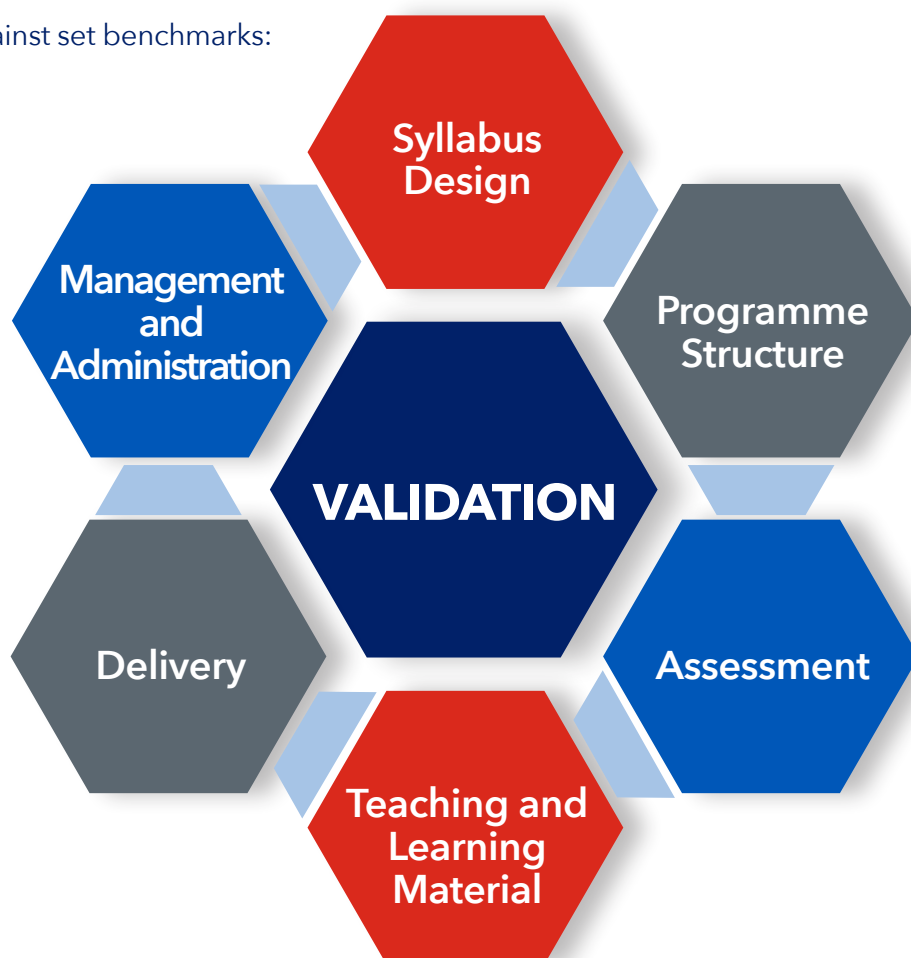

Validation

NCC Education validation supports organisations internally develop a qualification whose aim is to enable progression to higher external qualifications.

NCC Education will support the organisation in creating a qualification which is in line with UK regulatory requirements. The NCC Education logo will give confidence to progression partners that the qualification is valid, reliable and consistent and is operated with rigorous quality assurance measures.

NCC Education will evaluate each qualification on our own benchmarks. Our Academic Development Managers will work with organisations from an early stage to act as a consultant and support.

Areas NCC Education will assess against set benchmarks:

Why Endorsement or Validation?

NCC Education Endorsement or Validation provides you with the opportunity to create a unique qualification which suits your needs while also demonstrating quality and compliance.

These services have been developed to provide added value to your qualification by giving them an international mark of quality.

The benefits of these services are:

- Global recognition for your unique, locally developed qualification
- Demonstrate your commitment to quality and compliance
- Stand out from the competition
- Bring confidence to learners that the qualification is of the highest quality

How to Endorse or Validate your Qualifications

1. Contact your NCC Education Business Development Manager or complete our Centre Form available at www.nccedu.com/our-qualifications/validation-endorsement
2. A member of our academic team will contact you to discuss the programme and to take you through the process of endorsement or validation
3. You will work with your academic contact to present evidence to meet the following areas:

Endorsement:

- Assessment setting
- Marking and moderation
- Certification

Validation:

- Syllabus design
- Programme structure
- Assessment
- Teaching and learning material
- Delivery
- Management and administration

4. Once the programme is approved the centre can begin marketing it as "Endorsed/Validated by NCC Education, a UK regulated Awarding organisation".
